WE ALL KNOW THAT
MEMORYNT IS A
METROLOGICALLY CERTIFIED
DATA LOGGER—THE BEST AND
MOST FLEXIBLE SOLUTION
FOR ENSURING **REGULATORY**
COMPLIANCE IN YOUR COLD
STORAGE ROOM—BUT IN
ADDITION...

**DID YOU
KNOW THAT...**

**DID YOU
KNOW THAT...**

You do **NOT** need to activate the MemoryNT **CLOUD** to comply with the law, but if you do, you'll get a **free real-time monitoring system, data logging, and alarm notifications.**

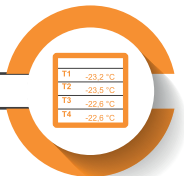

**DID YOU
KNOW THAT...**

Is the data in the cloud refreshed **every 5 minutes?**

**DID YOU
KNOW THAT...**

Does it have a **large display** for real-time viewing of the temperature in the chambers?

**DID YOU
KNOW THAT...**

Does it have an **alarm buzzer** to alert the facility's staff if there is an incident in any of the refrigerated areas?

**DID YOU
KNOW THAT...**

Does it have an **alarm relay** for a remote audible or visual alarm? The buttons allow you to **silence the buzzer**, and it reactivates if a new alarm occurs.

**DID YOU
KNOW THAT...**

Can you **configure unused analog inputs** as alarm contacts for gas leaks, trapped persons, or power failures in the chamber or compressor unit, and **receive free fault alerts?**
